anodised black

The classic Apollo entrance mat provides superior durability for demanding conditions.

The Apollo mat consists of aluminium, rubber, and stainless steel wire; with both sides having an identical surface.

An open-plan mat collects and conceals stones and other particles. For cleaning, the carpet is fast and easy to roll away.

Apollo is available in different strengths and colours, as well as in an extra-strong version.

WEATHERPROOF

INSIDE & OUTSIDE

CONCEALS DIRT

SAFE WITH WALKING AIDS

EASY MAINTENANCE

QUICK INSTALLATION

Apollo

- ✓ **Applications: public spaces, supermarkets, office buildings, stations and terminals, schools, kindergartens, apartment houses, homes, and more.**
- ✓ **Elastic rubber is suitable for year-round use; both indoors and outdoors. The rubber surfaces do not cure in cold or soften in the heat.**
- ✓ **Provides a very safe surface that ensures maximum grip in sloping places.**
- ✓ **Superbly traps and conceals sand and gravel. Rolls up easily for cleaning.**
- ✓ **Manufactured custom to our customers desired needs. Great for larger areas that can be divided into several sections, by adding T-profiles to your application ensure a seamless look, while keeping the separate mats in place.**
- ✓ **Apollo Extra Strong available for particularly demanding applications.**
